## **PRESS RELEASE**

### **Appointment of New Director**

Andy J Hogendijk, Chairman of Gloucester Coal Ltd (GCL) is pleased to announce the appointment of Dr John Bryan as a Non-Executive Director.

Dr Bryan has worked for 35 years as a consulting geologist, principally involved with coal exploration and coal mining companies in New South Wales and Queensland. His experience in coal exploration also extends to Indonesia, New Zealand, Canada, Thailand and Antarctica. His expertise in coal exploration and resource evaluation is derived from experience gained over many years at numerous coal mines and coal deposits, both open cut and underground.

Dr Bryan will be an important addition to the Board, complementing and enhancing the skill base of the existing Directors.

Announcing the appointment, Mr Hogendijk said that Dr Bryan's input in the previously announced exploration programme to extend mineable reserves and mine life towards 2020 will be invaluable.
